Thursday	4pm - 6:30 pm
Fri, Sat	9am - 12 noon

To maintain safety while ensuring our patients are able to access essential care we continue to enforce and follow:

Pre-screening:

- 1) have you travelled in the past 3 months?
- 2) have you been in contact with anyone who is ill?
- 3) have you been in contact with anyone who has been diagnosed with COVID19?
- 4) do you have any health issues of which we aren't aware?

Text/Call to enter:

We continue to have patients call or text (Jill 609-213-1345) upon arriving at the office. We will open the door and have you enter directly into the treatment room which is cleaned, disinfected and sanitized before and after every patient, as always

We continue to maintain social distance, quarantine and all cleaning, disinfecting and sanitizing procedures.

Any patient who needs to be seen outside of our schedule office hours we will absolutely try to accommodate. Please call/text/email to set up such times.

We are all in this together...we are here for you and will do all within our power to keep you safe, healthy while making you mobile and pain free

Any thoughts, comments, suggestions to better improve things during this time are greatly appreciated

Please be safe...
